

Nu Nennè-Stantec

Environmental Science Scholarship Program

This scholarship was created by Nu Nennè-Stantec Inc. to support and encourage students from the Cold Lake First Nations Community to pursue post-secondary studies in the field of environmental sciences.

Award Value

The scholarship has a maximum value of \$1,000 per student per year. If a particular year is not awarded, due to a lack of candidates, that amount (\$1000.00) will be transferred into the Cold Lake First Nation post-secondary Trust Fund. Surplus funds from this account can be used to support additional scholarships if there are years where more than one (1) participant may meet the eligibility requirements.

Eligibility Criteria

Applicants must:

- be a registered member of the Cold Lake First Nations Band
- be enrolled full-time in a post-secondary environmental science program

Application Procedures

**Apply by May 1st for post-secondary studies starting in September or
Apply by December 1st for post-secondary studies starting in January.**

There is no time limit to apply for the scholarship. Only apply when you intend to pursue post-secondary studies.

Students will be notified by mail of the status of their application in late August for September start date and mid-February for January start date. The award is issued after the post-secondary institution confirms full-time enrolment usually in November for students who applied by May 1st, and in late March for students who applied by December 1st.

Students must notify the Program Coordinator of Nu Nennè-Stantec Inc. of any changes to their application such as a change of address, delayed entry into post-secondary studies or a change in the choice of institution.
